

Once you click on the link to register for your Parties Around Town, you can scroll down to view all 21 parties listed. Highlight the boxes of the parties that you wish to attend. Then click "register". It will bring you to a log-in page with three options.

- If you have already set up your account, you can log in with the box on the far left.
- If you haven't already set up your account, but are a JCC member and/or receive our emails, then you likely have an account that you need to find. Use the middle box for this. If you have any trouble with this, then contact Tami or Rochelle 253-0701
- If you are new to the JCC, then the box on the right will allow you to create an account.

Once you are logged into your account, then you will need to choose one person at a time to register for the parties (this will allow you to sign up for some things that your partner is not attending, but do remember to go back and register the other person as well!).

- On the "Select Member" screen, choose who you are registering first by clicking on that name
- On the "Select Dates" screen, review to make sure that the correct parties are there, click blue next button at bottom of screen
- On the "Review Registration" page, if you want to sign up a 2nd (or more) person for parties, then choose the blue "add more programs" button near the upper right of the screen. If not, check the blue "next" box to proceed
- On the next screen, click on the parties around town box
- On the next screen, click on the blue parties around town link that is in a light gray box
- Click on the various parties you want to register for person #2, click blue "register" box
- On the "Select Member" screen, choose the person you are now registering (if you are registering for a guest who you are buying the ticket for, then you can register yourself a second time) and click on that name
- On the "Review Registration" screen, make sure that all the correct parties are there for each selected person. Assuming that all is correct, then click blue button at bottom that says "next"
- On this "Make Payment" screen, follow the prompts to enter your payment information and complete the process.
- You will receive a confirmation of payment and then we will be in touch within a few weeks with directions and additional information about your parties.
